

Fractions: Halves, Thirds & Fourths

Name: _____

Date: _____

Pip and friends cut these fraction shapes, but every one has a bug! Circle the bug, check the suspect that did it, then redraw the shape fixed in the box. The faint starter shape shows the equal pieces you need.

1. Pip says this circle shows halves.

Study Pip's circle. What did he get wrong?

☐ Bug circled

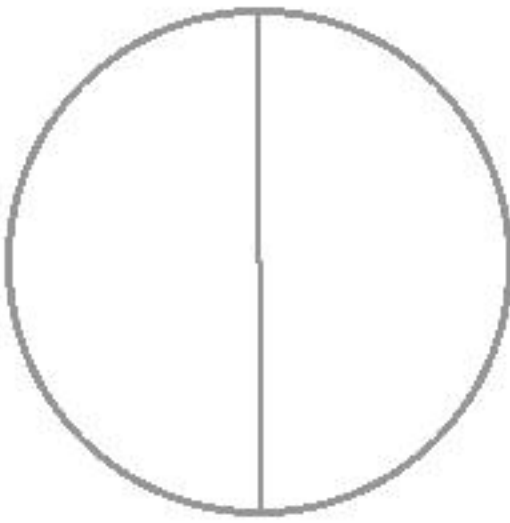

SUSPECTS:

☐ Unequal pieces

☐ Wrong count

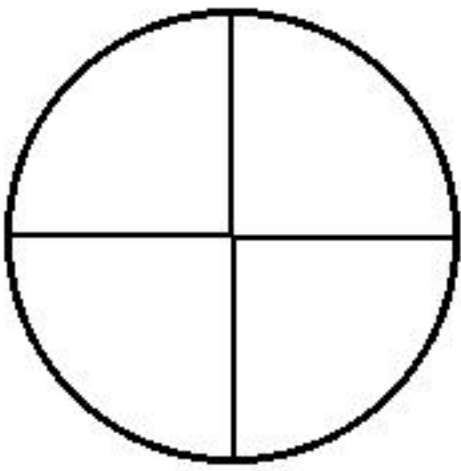

☐ Shading slip

Redraw it fixed:

☐ Re-checked my fix

2. Zoe says this circle shows thirds.

Study Zoe's circle. What did she get wrong?

☐ Bug circled

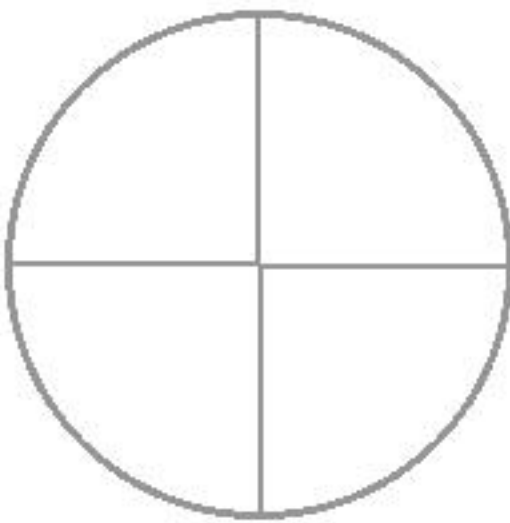

SUSPECTS:

☐ Unequal pieces

☐ Wrong count

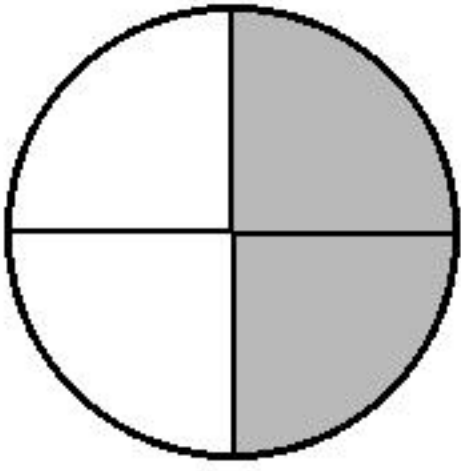

☐ Shading slip

Redraw it fixed:

☐ Re-checked my fix

3. Milo says the shaded part of the circle is one fourth.

Study Milo's circle. What did he get wrong?

☐ Bug circled

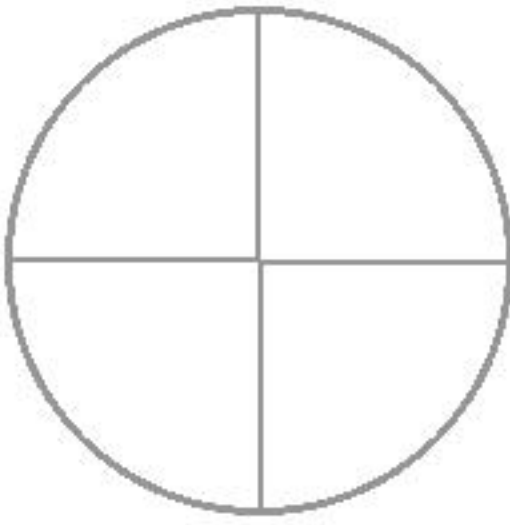

SUSPECTS:

☐ Unequal pieces

☐ Wrong count

☐ Shading slip

Redraw it fixed:

☐ Re-checked my fix
